

Sustainable Events

As part of our CANVAS 4Life initiative, we are doing our part for the environment and are on our way to becoming the first carbon-neutral lounge in the lower mainland. We are off-setting our own carbon footprint and have consciously made changes with sustainability in mind. These are some of the ways that make us a **green** choice for your event.

VENUE

- ✓ Our space boasts an abundance of natural light
- ✓ All our light bulbs have been changed to energy efficient ones
- ✓ Our paper towel dispensers have been replaced with air dryers
- ✓ Through *Carbon Credit Corp* and *Offsetters* we offer the opportunity for clients to off-set their event's carbon footprint, providing a certificate of event carbon neutrality
- ✓ We recycle all plastics, containers and paper
- ✓ Our furniture is both sleek and beautiful, eliminating the need for linens resulting in saved energy

CATERING

We can offer catering with sustainability in mind including;

- Creating menus with an emphasis on health and wellness
- Selecting local, organic ingredients and whole, natural foods
- Avoiding ingredients with saturated/ trans fats
- Providing Coffee/tea that is fair trade
- Choosing seafoods based on Oceanwise guidelines
- Offering meats that are hormone/antibiotic free
- Using ingredients completely in sauces and garnishes to minimize waste
- Recycling all containers and cardboard
- Displaying real dishes for off-site catering, eliminating the use of disposables
- Using biodegradable plastic bags for waste
- Donating leftovers for charity to the Community Angel Food Runners

Our Space is **YOUR GREEN CANVAS**
